

MFC Vice Monogram Guidebook

The source of inspiration for Vice Monogram is an Art Deco letterset (capitals only) from a 1915 publication by Cartier-Bresson of Paris containing classic and modern monogram patterns for embroidery. This Art Deco monogram style has been redrawn, balanced, and brought forward into the digital age for your type-setting use and enjoyment.

Vice Monogram types, by default, in a horizontal monogram format, but by utilizing OpenType Contextual Alternates, you can typeset in a unique diagonal format as well!
